ABOUT US

C. **Adobu Multilinks Nig Ltd.** was registered as a limited liability company on September 26, 2005 as a subsidiary of G. Analo Holdings Nig. Ltd., registered as a Limited Liability Company in 1989. C. Adobu Multilinks Nig. Ltd. has the expertise and wealth of experiences in electrical and civil engineering industries.

We specialize in electrical and civil engineering works, from a new socket outlet to full rewire for shops, restaurants, units, factories, private homes, banks, including high tension and transformer supply and installation works, consulting and general maintenance and building construction from design to delivery.
Our Services are carried out by competent and qualified electricians, civil engineers and architects with guarantee and certification.

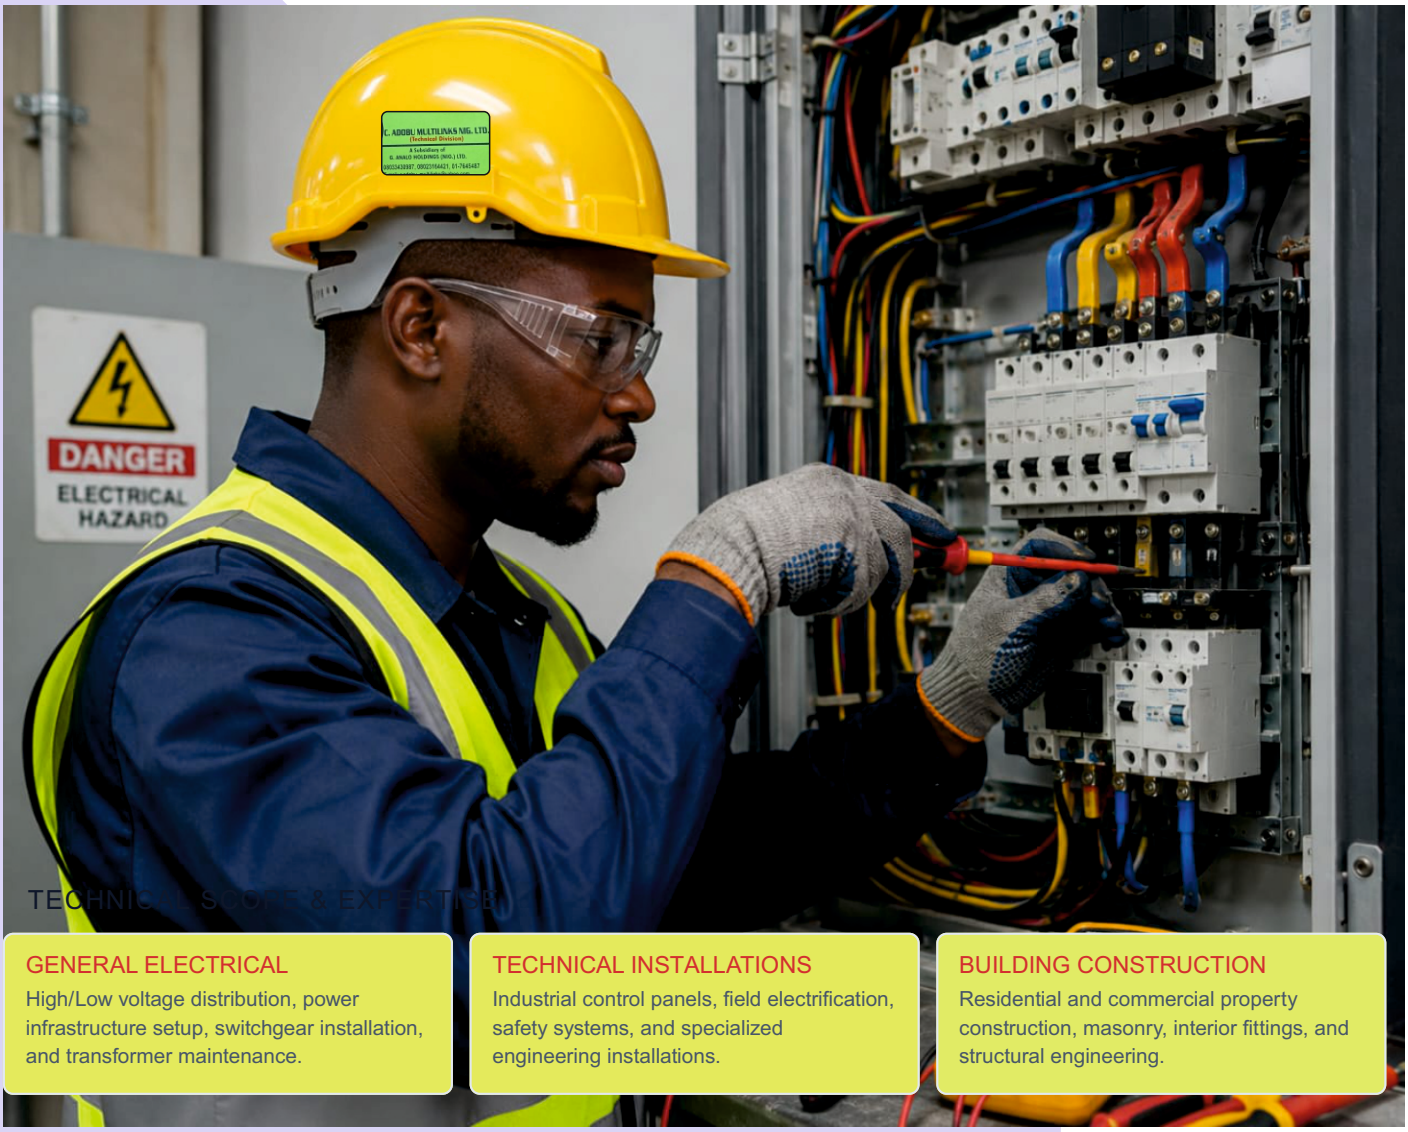

Our personnel are polite and professional ; they provide help and advice on all aspects of your enquiries. In collaboration with a number of reputable partner firms, we have executed several projects, ranging from small to large scales. We render value-added electrical and civil engineering consulting services; including electrical and civil architecture, electrical feasibility study and project management.

> “Our personnel are polite and professional; they provide help and advice on all aspects of your enquiries.”

OUR MISSION

"To render super quality services at an economic and friendly prices, in recordtime with respect to the environment and the ecosystem without compromising statutory and professional ethics."

TECHNICAL SCOPE & EXPERTISE

GENERAL ELECTRICAL
High/Low voltage distribution, power infrastructure setup, switchgear installation, and transformer maintenance.

TECHNICAL INSTALLATIONS
Industrial control panels, field electrification, safety systems, and specialized engineering installations.

BUILDING CONSTRUCTION
Residential and commercial property construction, masonry, interior fittings, and structural engineering.

MEET OUR DIRECTORS

BOARD OF DIRECTORS

Our board is made up of successful individuals with pedigree in their chosen professions. They Include:

Engr. Cletus Adobu

Engr. Adobu spearheads and manages the upswing activities of the company. Leveraging on an ever expanding portfolio of expertise in electrical engineering, civil engineering & construction. He has used his intellectual prowess to establish values as well as enforcing corporate ethics and compliance in the electrical and civil engineering & construction industries. Engr. Adobu is a HND Electrical Engineering-Power option graduate of Yaba College of Technology, Yaba, Lagos.
He is also an Engineer with pedigree and certifications with the following bodies/ institutions*Member of COREN (Council for the Regulation of Engineering in Nigeria)
*NATE (National Association of Technologist in Engineering)
*NEMSA (Nigerian Electricity Management Services Agency) Category A

Sarah Adobu

Sarah is a Nigerian and an expert in Electrical Procurement. Sarah is a graduate of Public Administration from the University, of Lagos Ojo,. She is a director in C. Adobu Multilinks.

Festus Adobu

Festus is a Nigerian, a business tycoon and a seasoned administrator. He holds the bachelor of Science Degree in Business Administration from the University of Bolton, United Kingdom. He serves as a Director.

Key Team Members & Partners

KEY EXECUTIVE & MANAGEMENT PROFILES

Jessica Adobu — **Head, Human Resources**
Ms. Jessica is a Medical Practitioner with a degree from the University of Georgia. Her over five years of industrial experience is a key contribution in her roles in C Adobu Multilinks as Personnel Manager, Unit Head and Deputy Manager.

Ifeanyi Igwe — Procurement Manager
Ifeanyi a holder of diploma and an expert in goods purchasing and supply. He brings extensive hand-on experience in technical procurement and supply chain.

Abass Tunde Adeleke — Technical Supervisor
An Electrical Engineer with years of field experience, Ismaila previously served as a Senior Engineering Supervisor before joining C. Adobu Multilinks. His technical depth and leadership are key assets to our operations.

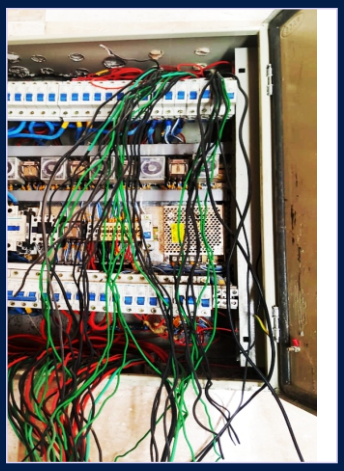

Engr. Francis Ibiam Iho — Partner (Safety & Quality Control) PARTNER
A highly reputed engineer and administrator, Francis is a member of the Nigerian Society of Engineers (MNSE) and an Associate Member of the Nigerian Institute of Management (AMNIM). He oversees safety compliance, standards, and quality control across all projects.

Divine Point Investment Ltd – Partner (Procurement Operation) PARTNER
Divine Point Ltd is an electrical service organisation with specialty in procurement and distribution of electrical equipment and associated materials with affiliate firms in advance countries and it is spear headed by Mr. Osita Onyejekwe, a seasoned entrepreneur with strategic leadership, operational insight with consistent drive in efficient and quality procurement & distribution in the electrical field.

HSE POLICY STATEMENT

It is the policy of C. ADOBU MULTI LINKS to provide a safe and health work environment for all contractor, subcontractor and employees. No phase of operations or administration is considered to be of greater importance than HSE management. Safety takes precedence over expediency or shortcuts. We believe that accidents are caused by carelessness and that every accident and consequential injury is avoidable. We will therefore take every reasonable step to reduce the possibility of injury, illness or accident.

It is our responsibility to maintain a safe working environment. It is the specific responsibility of management to ensure that safety is a primary condition at all times through our operations. We have recognized our responsibility to manage in such a way that resources are conserved and utilized effectively. Accordingly the policy is that C. ADOBU MULTI LINKS will:

- Give the highest priority to the Health, Safety and Security of employees, contractors and members of the public.
- Achieve continuous improvement in HSE performance.
- Maintain professional and competent staff that will perform their jobs in line with the policy and also review and develop new HSE practices and procedures.
- Work with the host communities to promote harmonious relationships.
- Ensure that HSE policies will at all times be implemented according to the relevant laws and regulations guiding the operations in the Federal Republic of Nigeria. They shall also reflect the CLIENTS standards.

HSE LEGISLATION

Coverage

C. ADOBU MULTI LINKS relies on codes of practices and standards as the first step in achieving operational and HSE management aims. The following legislations confirm to that of local legislation and regulations, CLIENTS and international industry.

Occupational Health

- Declaration of occupational disease notice, 1956, Cap 5533
- First Aid Boxes (Prescribed Standard) Order, 1957, Cap. 126
- Food and Drugs Act (1990)
- Public Health Law 1963 CAP 52 C & F Eastern

Safety

- Workmen Compensation Act 1987 Cap 470 Vol. XXIV P. 16079
- Factories Act, 1987, Cap 126 Vol. V111P. 5459
- Factories (Registration Fees) Act Regulations, 1991
- Mineral Oils (Safety) Regulations, 1963 Cap 350 Vol. XX P. 112667
- Mineral Oil Safety Regulation (MSOR '97)
- Labour Act Cap 198 Vol. XP. 7336
- Labour Regulation Cap. 198 Vol. X. P. 7418

Environment

- Federal Environment Protection Agency Act 1988, Cap. 165, Vol. IX. P. 6303
- Harmful Wastes (Special Criminal Provisions, etc) Act 1988, Cap. 165 Vol. IX P.6303
- Petroleum (Drilling & Prod.) (Amendment) Regulations 1990
- National Environment Protection (Effluent Limitation) Regulations 1991
- National Environment Protection (Pollution and Abatement in Industries and Facilities Producing Waste) Regulations 1991
- National Environment Protection (Management of Solids) Regulations 1991
- National Guidelines and Standard for Environment Pollution. Guidelines of 1991

It is our responsibility to maintain a safe working environment.

Our Services & Key Projects Executed

Our Services

We render total quality services in the following areas:

Electrical Installation & Networking
Civil Engineering & Construction
Electrical Supplies
Consultancy
General Maintenance Works

With our team of competent, dedicated and indefatigable staff, we are well-positioned and committed to providing unequaled services including rewires - full and part, Extra socket outlets, Switches, Lighting points, lighting designs, Spot lights, Chandeliers contemporary, modern and antique; supplies and installation. We are also expert in high-Tension jobs: Transformer supply and installation. We have full design & installation services available for all electrical related services. We also have quality civil engineering and construction (Design & Build) services - we deliver from design to delivery. And we undertake all forms of tests in accordance with customers' demands.

Quality Services at an Economic Price!

The employment policy of the company is predicated on identification of diligence, honesty, hard work, dedicated team work and professionalism.

Company Policies & Technical Operations

Personnel Policies

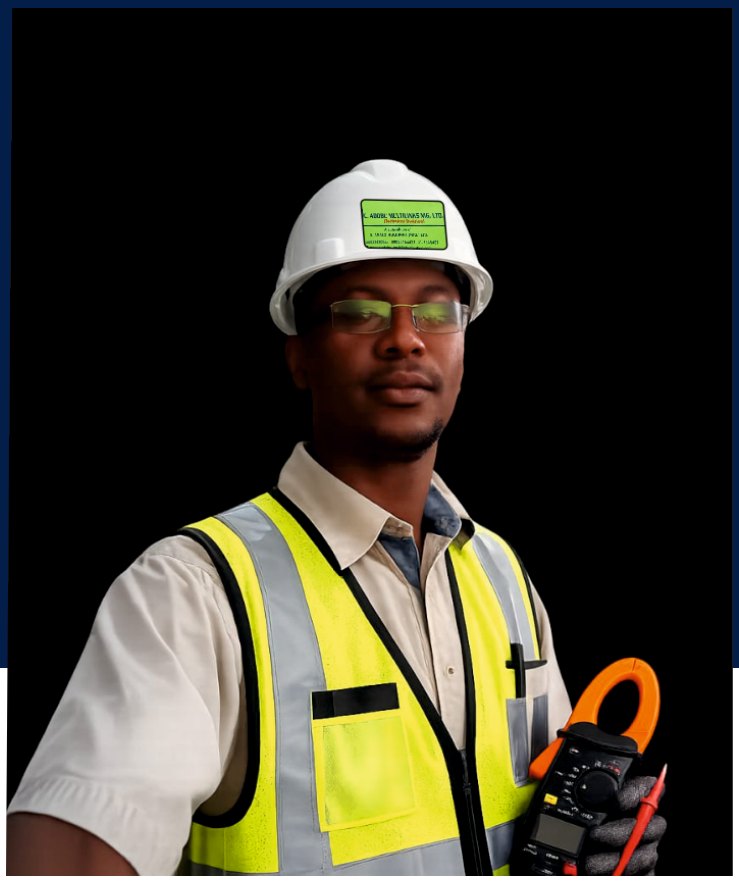

Our major asset is the caliber of staff in the organization. The employment policy of the company is predicated on identification of diligence, honesty, hardworking, team-playing and skills. Our recruitment processes provides for proper induction of new employees and this has been helpful to our staff to quickly build confidence and adopt to our customer friendly policies. We do not discriminate in our recruitment processes and policies. Everyone who meets our job descriptions has equal opportunity, including people with disability.

Safety Policies

Our guide is "Safety First"! This is what we preach and practice at all spheres of the organizational activity. As part of our management policies, we take the issue of safety very seriously and this forms an integral part of our systems and emphases are made at every stage, during work installation and equipment handling at site. Our Staff and contractors naturally follow all safety measures, guidelines and regulations. It is our policy to cater for any safety breach if it occurs. But, so far C. Adobu Multilinks Nig. Ltd., has not recorded any occurrence since its inception.

Quality Control Policies

Quality is our watchword. And this is what we preach and practice at all levels of our activities. This is why we place a highly experienced and reputed officer at the helm of our Quality Control Unit. In all, our key mission is customer satisfaction and as such we strive always to deliver our services to an excellent level of quality. We don't compromise quality as we try to improve on every job executed within delivery time limit set by our client(s).As a test of quality, we guarantee every job for one year. Our management team acts on total quality management.

Our guide is "Safety First"! This is what we preach and practice at all spheres of the organizational activity. As part of our management policies, we take the issue of safety very seriously and this forms an integral part of our systems and emphases are made at every stage, during work installation and equipment handling at site.

Our Major Clients & Journey So Far

OUR MAJOR CLIENTS

We are major contractors to the following reputable organizations:

- Diamond Bank Plc
- Guaranty Trust Bank Plc
- Zenith Bank Plc
- United Bank for Africa Plc (UBA)
- Elf Petroleu
- Bank)
- Debor Nig. Ltd.

and numerous private homes and enterprises.
The list of projects executed so far is enormous, as a summary however, we have executed over a hundred major projects.

JOURNEY SO FAR

Our clients and potential customers have been so faithful, perhaps because of our job and timely delivery of projects. We have executed several projects either as a Major Contractor, a Partner, Subcontractor or Consultants. We have worked in collaboration with the following firms:

- Tashland Nig. Ltd
- Ihoryx Technologies Concept
- UCAK Nig. Ltd.
- Hereze Nig. Ltd.

We have equally acted as Sub-Contractors and Consultants to some other companies too. Our Managing Director had served in various capacities in the above-mentioned companies as:

- **Senior Consulting Partner**
- **Technical Director**
- **Consulting/Supervising Engineer**

We have been involved in various electrical engineering jobs that can be succinctly captured under the following broad headings:

- Procurement and Installation of Transformer Sub-station
- Construction of H.T & L.T Networks and reticulations
- Underground Network Transmission of medium level voltages
- General Maintenance of Electrical system (Preventive & Breakdown)
- Provision of Electricity Supply to communication system
- Lightning & Surge Protection (system & Equipment Earthing)
- Provision of lighting to billboards
- Liaising with PHCN for commissioning of completed projects in compliance with Statutory Guidelines and Standards
- Construction of Houses, drainages, etc.
- General Contracting
- Maintenance works (Electrical/Civil)

Our Relationships

With the team of dedicated and committed personnel, we have remained steadfast to delivering quality services to our valued customers/clients. The number of projects executed so far are testimonies that our clients are faithful to us.

We have maintained a good relationship with the Power Holding Company of Nigeria (PHCN), formerly (NEPA), the statutory corporation saddled with the responsibility of the provision of Electricity in the country. This makes our job easy.

Our Managing Director & Chief Executive Officer is registered with the Central Electrical Contractors Licensing Board & Electrical Inspectorate Services of the Federal Ministry of Power & Steel (Category I).
We observe and keep laws, regulations and statutory provisions.
Our Bankers keep close relationship and our Partners, Suppliers, and all our Employees are in consonant with our activities and practices.
